## **PROGRAM ANNOUNCEMENT**

### **District and Juvenile Court Probation Officers: Lifeloc Preliminary Breath Tester (PBT) Instrument Training**

September 27, 2006  
Michigan Hall of Justice  
Lansing, Michigan

#### **PROGRAM INTRODUCTION**

Michigan Judicial Institute (MJI) has received grant funding from the Office of Highway Safety Planning (OHSP) to purchase a limited number of Lifeloc PBTs, and to provide training on how to use the Lifeloc instrument. The Lifeloc PBT does not replace current PBT instruments in use by courts. However, it uses the most up-to-date technology to accurately test blood alcohol content. Before probation officers use the Lifeloc PBT they must complete a two (2) hour Level 1 Certification training administered by the Michigan State Police.

#### **PRELIMINARY BREATH TESTER (PBT) DISTRIBUTION**

Distribution of the Lifeloc PBTs is limited. Preference for distribution will be given to those courts that did not receive a PBT during the 2005 distribution, or received fewer PBTs than needed. However, whether or not your court receives additional PBT units, all users must be trained to use the instrument. Therefore, we encourage as many probation officers as possible to attend the training.

#### **PROGRAM DESCRIPTION**

This training will be offered at the Michigan Hall of Justice in Lansing. There will be two sessions. The morning session will run from 9:30 to 11:30 a.m., and the afternoon session will run from 1:00 to 3:00 p.m. Participants should register for the session they wish to attend. Please indicate your preference on the attached registration form. Use "1" for your first preference and "2" for your second preference.
